

Amendment 0002
Solicitation Number ONRBAA 12-019
“Research and Development/Technology Maturation of Solid State High Power Laser Weapon
Systems, Subsystems, and/or Components for Surface Navy, USN”
Date 15 August 2012

The purpose of Amendment 0002 is to add language to BAA 12-019.

BAA 12-019 is hereby amended as follows:

1. The following information, entitled “Additional Proposal Information”, is added to Section IV.2, on page 45:

Additional Proposal Information:

Section III of the ONR Technical and Cost Proposal Template covers the Technical Content of the proposal. The first seven sub-sections of Section III are: 1) Technical Approach and Justification, 2) SOW, 3) Schedule and Milestones, 4) Management Approach, 5) Personnel Qualifications, 6) Pending Proposal Submissions, and 7) Relevant Experience. The eighth sub-section is a List of Attachments.

Attachments can be used to expand proposal information, since the ONR Proposal Template limits the number of pages to approximately thirty (30). Attachments may not exceed 70 pages. Company personnel resumes are not considered part of the 70 page limit.

All attachments should be in the following format:

- Paper Size – 8.5 x 11 inches
- Margins – 1 inch top, bottom and sides
- Spacing – single-spaced
- Font – No smaller than 12 point

Offerors shall include the following information as attachments:

Technical Approach and Statement of Work (SOW) Expansion – This attachment allows the Offeror to expand the technical description of the effort being proposed. The SOW should clearly detail the scope and objectives of the effort and the technical approach. When options are contemplated, the SOW must clearly identify separate optional task areas. A more detailed Project Schedule and Milestones shall be included in this attachment.

Assertion of Data Rights – If the Offeror asserts to restrict use, release, or disclosure of data and/or computer software that will be delivered to the government during contract performance, the Offeror must attach an “Assertion of Data Rights” in accordance with Section II.10 of the Technical and Cost Proposal Template.

Past Performance – For this attachment, Offerors shall provide all relevant past performance for similar or related work under contracts currently being performed or completed during the last three (3) years. The Offeror may include Federal, State, and Local Government, and private sector contracts. Offerors that represent newly formed entities, without prior contract

experience, should identify previous contract and subcontract experience for all key personnel identified in the proposal. The following information for each such contract shall be provided:

1. Contract Number
2. Customer/Agency
3. Contracting Officer and Technical Point of Contact (names, phone numbers, & e-mail)
4. Brief Description of Scope of Work and Deliverables
5. Contract Type
6. Award Price/Final Price
7. Period of Performance

Future Naval Relevance – For this attachment, Offerors shall provide a description of potential Naval relevance and contributions of the effort to the agency’s specific mission.

Operational Naval Concept – For this attachment, Offerors shall provide a description of the project objectives, the concept of operation for the new capabilities to be delivered, and the expected operational performance improvements.

Operational Utility Assessment Plan – For this attachment, Offerors shall provide a plan for demonstrating and evaluating the operational effectiveness of the Offeror’s proposed products or processes in field experiments and/or tests in a simulated environment.
