

N00014-17-S-B008 Electronic Warfare Technology Amendment 0004

The purpose of Amendment 0004 to BAA N00014-17-S-B008 to respond to questions submitted prior to 6 February 2017.

1. The following provides questions and responses:

Research Area 1

Q1: The document entitled “ONR BAA Announcement # N00014-17-S-B008” has a requirement at the top of page 14 stating that “For both classified and unclassified proposals, a non-proprietary version of the Statement of Work must also be submitted”. Does this requirement pertain also for White Papers? If yes – Does this SOW requirement count towards the 6-page white paper limit?

A1: No, the Statements of Work should not be included in White Papers – only in full proposals.

Q2: I believe my idea may significantly contribute to specific Research Areas. Would it be possible to briefly meet to discuss my white paper idea?

A2: No. As per the BAA, the Government is not meeting with offerors to discuss ideas before whitepaper submissions. If an offeror has an idea that might satisfy the requirement(s) in any of the Research Opportunity Areas, then a white paper should be submitted per the instructions in the solicitation.
